There is a possibility to upgrade your poster with a video up to 3 minutes. The video file must be submitted separately from the presentation, in any standard video format ".mp4" together when uploading the poster.

Name the video file with the same name as the poster file. For example: "33.mp4". The video should not be included in the presentation but uploaded on a different file. A button on the interactive totems at the venue will be available to watch the video at any time.

6. Once the file is uploaded and converted, the pages of your poster will appear in thumbnail. The small images of your poster at the bottom of the screen will appear, which means that we have successfully received your poster.
7. The system will automatically send you an email notifying you the correct submission. If you do not receive it immediately, please check your spam folder. It might be also your ISP since this is an automatic message which can be blocked. If you have any issues, please contact us: postersdls@gmail.com
8. Changes and modifications are allowed before the deadline (April 11th). To do so, please follow the above process.
